Sir:

Pursuant to 37 CFR §1.56, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO-1449. Unless otherwise indicated herein, one copy of each reference is attached. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

- ☒ 1. This Information Disclosure Statement is being filed (a) within three months of the U.S. filing date of this non-CPA application, OR (b) before the mailing date of a first Office Action on the merits in the present application. No certification or fee is required.
- ☒ 2. The form PTO-1449 filed with the Information Disclosure Statement on July 8, 2002 incorrectly identified the date of publication for the cited article: "Effect of Ball Milling on Morphology of Cup-Stacked Carbon Nanotubes". The article was published on April 2, 2002 after the filing date of this application, not in March 2002 as incorrectly noted on the prior Form PTO-1449. The attached PTO-1449 correctly identifies the publication date.

Respectfully submitted,

James A. Oliff
